5 UNITED STATES DISTRICT COURT  
6 WESTERN DISTRICT OF WASHINGTON  
AT SEATTLE

7 SCOTT P. LESHOWITZ,

8 Plaintiff,

9 v.

10 MICHAEL BISSON,

11 Defendant.

Case No. 2:16-cv-1557-RSM-BAT

**ORDER GRANTING EXTENSION  
AND RENOTING DEFENDANT'S  
SUMMARY JUDGMENT MOTION**

12 Plaintiff seeks a three month extension of his November 27, 2017 deadline to respond to  
13 Defendant's motion for summary judgment. Dkt. 32. Defendant's motion for summary  
14 judgment was originally noted for December 1, 2017. Dkt. 29. He states he needs this  
15 additional time because of the holiday season, he is disabled with limited mobility, and has to  
16 seek help from other inmates. *Id.* Defendant is not opposed to a thirty day extension of  
17 plaintiff's deadline, but argues that allowing a three month extension (essentially giving plaintiff  
18 four months to respond) is not warranted and would unnecessarily interfere with a prompt and  
19 fair resolution of this matter. Dkt. 33.

20 The Court agrees that the requested extension is unreasonable in that plaintiff has failed  
21 to explain how the stated conditions have impacted his ability to respond to the summary  
22 judgment motion, which presents the rather straight-forward issue of whether plaintiff has  
23 appropriately exhausted his state court remedies. However, in light of plaintiff's pro se status

1 and mobility issues, the Court will grant a six week extension of plaintiff's deadline.

2 Accordingly, it is **ORDERED**:

3 (1) Plaintiff's motion for extension (Dkt. 32) is **GRANTED**; however, the extension  
4 is limited to six weeks. Therefore, plaintiff shall file his response to defendants' summary  
5 judgment motion on or before **January 8, 2018**.

6 (2) Defendants may file a reply on **January 12, 2018**. The Clerk shall re-note  
7 Defendants' motion for summary judgment for consideration on **January 12, 2018**.

8 (3) The Clerk is directed to send copies of this Order to Plaintiff and to counsel for  
9 Defendants.

10 DATED this 15th day of December, 2017.
